## The Welsh Open: A Landmark Event for UK Pickleball

### Historic Tournament Heads to Cardiff This September

Pickleball history will be made this autumn as **Pickleball Wales and Pickleb.co.uk** present the **first-ever Welsh Open**, taking place from **4–7 September 2025** at Cardiff Metropolitan University.

Spread across two world-class venues — the **National Indoor Athletics Centre** and the **Cardiff Met Tennis Centre** — the event will feature:

- **Over 30 courts** available for play
- **Seating for more than 750 spectators**
- **Vendor, sponsor, and player village areas**

Competitors will battle it out across multiple categories:

- **Men's, Women's, and Mixed Doubles**
- **Men's and Women's Singles**
- **Team events**
- **Wheelchair divisions**

Age groups will include **18+, 35+, 50+, and 60+**, with play across all skill levels from **3.0 and above** through to **Open level**.

This is more than just a tournament — it's a landmark moment for pickleball in Wales and the broader UK scene. The Welsh Open reflects the explosive growth of the sport, attracting players from across Britain and beyond to compete, celebrate, and connect.

**Registration is now open!**

Players can sign up via [evregsys.com](https://evregsys.com), and full event details are available at [welshopen.org](https://welshopen.org).

Expect fierce competition, electric energy, and an unforgettable few days in Cardiff this September!

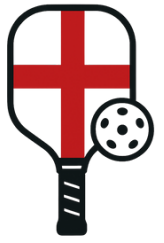

Yours in Pickleball,

# Club Spotlight - Meet Grampian Pickleball Club

This week, we head to Aberdeen to meet the fantastic team at **Grampian Pickleball Club**—a growing community with a passion for welcoming players of all levels. Let's find out what makes them special!

## Tell us a bit about your club

**Grampian Pickleball Club** (GPC) was founded in July 2021, with paid up members from January 2022. Since August 2022 the club has grown from 23 members to 100 members and is the largest pickleball club in the Northeast of Scotland.

Our club is a social club, and our aim is to promote, play and develop Pickleball in the Aberdeen City and Aberdeenshire areas. We regularly host beginner, social and competitive play sessions. Our club has 4 Pickleball Scotland coaches and 6 Pickleball Scotland ambassadors, all qualified to introduce the game to beginners and to coach members.

Through our website and social media pages (Facebook and Instagram), GPC promotes both our own events and UK and worldwide tournaments and initiatives.

## How many members do you currently have?

With 100 members who range in age from mid-20's to over 70's, we offer a mix of social and competitive play sessions, and the club currently has a team entered in the new Pickleball Scotland league, playing at Division 1 North Level. We have several medal winning members from both the Scottish and English opens in recent years.

## Where do you play?

Our member sessions are as follows:

Monday night 6-8pm – Social session at Lochside Academy, Wellington Circle, Aberdeen AB12 3JG.

Tues night 7-9pm – Competitive session at Peterculter Sports Centre, Coronation Road, Peterculter AB14 0RQ.

Wednesday night 7-9pm – Social session at Peterculter Sports Centre.

Thursday morning 10-12pm – Social session at RGU Sport, Garthdee Road, Aberdeen AB10 7GE.

Saturday morning 10-12pm – Social session at Westhill Academy, Hay's Way, Westhill AB32 6XZ.

Sunday morning 10-12pm – Social session at Peterculter Sports Centre.

The club welcomes guests and visitors to come along to any session if we have spaces available. The club is currently working with a new venue to be able to add an additional competitive night to its regular sessions.

## What's coming up for your club in 2025?

GPC is actively working with Pickleball Scotland (as our governing body) to accommodate the new PVG regulations and Wellbeing legislation to allow the club to achieve its goal for 2025-26 of introducing pickleball into schools in the Aberdeen and Aberdeenshire area and ultimately to introduce a junior's section to the club.

In addition to the above, we aim to host more inter-club games which have been successful in the past with games vs In a Pickle from Dundee (home and away matches) and West Lothian Pickleball Club. We're working towards hosting a festival locally during 2025.

Previously we've hosted a Men only session with a group from Men in Mind who are a local Men's Mental Health group, and we're about to host a Ladies only pairs night later in April.

We've hosted Beginner only sessions in the past with several coaches and ambassadors facilitating and one of our biggest Beginner introductory sessions will be held on Saturday 26th April with 25 people who will be introduced to the sport of Pickleball for the first time.

## What's been your funniest or most memorable moment on court recently?

GPC always looks to make our sessions fun and on Halloween and Christmas, we had members dress up to play pickleball with 1 member donning an inflatable snowman costume and several Santa's in various guises coming along too!

# Tips & insights...

## *Third Shot Drop vs. Drive – When and Why*

The **third shot** is where the rally really begins. But should you drop it gently into the kitchen or rip a drive down the middle? Both have their place – and knowing when to use each is what separates savvy players from scramblers.

The **third shot drop** is ideal when your opponents are already at the net. By landing the ball softly in the kitchen, you neutralise their advantage and buy time to move forward. It's about patience, control, and setting up a more level exchange. Perfect when you're playing against aggressive poachers or seasoned dinkers.

In contrast, the **third shot drive** is best used when your opponents are slow to transition or leave gaps in their formation. A low, fast drive can force a pop-up or error – especially if aimed at the hip or paddle shoulder. It's a great choice for players with strong groundstrokes or when you're trying to change the tempo.

**Pro tip:** Don't stick to one tactic. Mix it up. Drop early to draw your opponents in, then drive later to catch them flat-footed. The best players aren't just skilled – they're unpredictable.

Great coaching isn't just for pros – it's the fastest way to improve your game at any level. From mastering the basics to refining advanced tactics, a good coach brings structure, confidence, and clarity.

They spot the habits you don't see and help you turn potential into performance. Whether you're chasing medals or just more consistent rallies, investing in coaching is a game-changer.
